

StartVox™ Start System

StartVox™ Start System, Trigger Mic and charger \$1249.95

The StartVox™ delivers loud and clear start commands from the referee with a powerful start tone and simultaneous flash to signal the start of a race.

Smart Technology

- Cable detect feature (prevents start tone when not fully connected)
- Auto-shut off (powers down when disconnected from deck cable)
- Adjustable horn and voice volumes, up to 93db horn volume
- Rechargeable battery power
- Can be triggered by remote switch or from ClockWork Timing Console
- Leader/follower design allows multiple units to be triggered simultaneously

Rugged Reliability

- High impact, water resistant case
- Unbreakable LED Strobe light
- Internal rechargeable Lithium-ion battery with automatic shut off

Designed for Usability

- Internal storage for cables, trigger mic and battery charger
- Uses standard 1/4" phone plug for start cable and trigger mic (normally open switch circuit)
- Flag Pole mount or Standard Tripod, 1" mounting socket
- Compatible with CTS, Daktronics, IST, SST, and of course **ClockWork Timing Console**
- Light weight (12 lbs)
